

DIGITAL EDUCATION TOOLS TO FOSTER INNOVATION

PROJECT CODE: 2021-1-EL01-
KA210-SCH-000034311

ABOUT

The project was developed in order to enhance educators' digital literacy and readiness through a series of Training Activities, in order to promote the use of modern technology and innovative teaching strategies in the classroom.

THE PARTICIPANTS

EDU+

3RD LTTA

From the 8th – 12th of May 2023, Şehit Ahmet Özsoy Science High School hosted the 3rd LTTA in İzmir, Turkey. The third training was about Digital Storytelling: Innovative Educational Methodology to Strengthen Participants' skillsets.

The training consisted of 5 days dedicated to: writing a script for stories, finding images, elements and background music and finally editing a digital story.

On the first day of training, the participants engaged in warm up activities to get know each other. Then, they were introduced to Şehit Ahmet Özsoy Science High School, attended workshops to learn how to create digital stories by using the website/web 2.0 tool "storyjumper" and made lesson plans on the digital story they created.

KA210-SCH-000034311

OUTCOMES

At the end of training, the participants attended to different classes at Şehit Ahmet Özsoy Science High School to implement the lesson plans they created.

Project Results

The partners are finalizing the EDU+ Handbook, which will feature the innovative methodology introduced during the training activities, and will be available on our website!
